The Romagna International Folk Festival

26th –28th September 2025

Romagna has always been an excellent meeting point for an encounter of different musical cultures. This International Festival is open for all kinds of folklore groups. Participating groups will be given the opportunity to perform and share their respective cultures and folk traditions with the other

groups and also with the general public, in a unique and incomparable setting.

Folk music and dancing have no boundaries and they are able to connect performers and even to overcome any language barrier. In this respect, the Festival aims to provide a very good base for meeting and socialising between the groups participating and for those who love these popular traditions.

The artistic programme consists of outdoor parades and standing performances. During the parades, the groups will perform with their own instruments. During the standstill performances, which will be held in main squares, the Organisation will provide the audio system, compatible with CD and pen drive and 5 microphones to amplify the various instruments / voice (if these are required).

The costs incurred to reach Romagna, are to be borne by each group respectively. During their stay, groups can even opt for optional guided cultural excursions to popular tourist destinations in Romagna.

Groups can arrive or depart one day earlier or later, depending on their flight schedules.
